Alright well, floors open 1:21 PM
I wanna sort this out like adults 1:21 PM
That's what I've always wanted 1:21 PM
First thing, I want you to know, and I think you do know this, that I don't have anything to do with this whole thing being posted 1:22 PM
I never claimed you did 1:22 PM
I spent so much time with clovis trying to get him to just let the police handle it 1:22 PM

about two months ago now, i knew olly (the zoophile guy who no i no longer associate with until he gets help, didnt know this at the time) and had thrown around light flirting but that was about it. KEEP IN MIND I HAVE NEVER DATED THE FUCK, AS I AM VERY SELECTIVE ABOUT THAT. but basically he was in talks with stixil too, and he went down to his place for the weekend in october. olly didnt have a good time and chose to pursue me instead, and then stixil softblocked me on everything (which is where the ytm situation started and stixil called me out on bullshit with his toxic twitter fanbase). then he tried calling out kiwicon cuz hes jealous that most people just dont like him (how
1:23 PM
people under 200 followers w

it got shared around alot 1:23 PM
I wanna sort this out, and by this I mean EVERYTHING 1:23 PM

since we never talked about it 1:24 PM
cause we both were heated 1:24 PM
yeah man 1:24 PM
i just wanna be on good terms again 1:24 PM
do you wanna go first or should i? 1:24 PM
i would like to go first if that's okay 1:24 PM
also i have to be santa at a thing in 3 hours just fyi, prob wont take that long 1:24 PM
Stixil
i would like to go first if that's okay
yeah go for it 1:24 PM
so, long ass story obviously 1:25 PM
i guess i'll start with ytm then 1:25 PM
so the big thing about me deciding to no longer work on the project was balancing it with school 1:25 PM

i've been trying to prepare 2 one hour music recitals and i was unable to keep up 1:25 PM
that and depression made it really tough like we talked about 1:25 PM
so i was already considering talking to you about it 1:26 PM
then olly came to visit and i had a big crush on him, and we had a lot of fun, and we even joked about dating and stuff, so i thought he felt the same way 1:26 PM
after he left i told him how i felt, and he told me he liked you instead, which i took really hard 1:26 PM
that's why i softblocked and everything, and deleted contact 1:26 PM
was a really bad impulsive decision 1:27 PM
a couple days later i messaged the ytm chat quitting, which i also regret not having a full conversation about 1:27 PM
i was really worried i had hurt you and olly really bad, and felt bad about quitting 1:28 PM
i was gonna say something, but then i saw you posted on twitter kinda throwing me under the bus, which made me really angry 1:28 PM
i reacted pretty strongly but then deleted

i know you arent done typing but i already feel the need to say sorry a million times, just so u kno im rly sorry edited 1:29 PM
after that we didn't really talk for a while, there was some awkward tension which is natural when these conversations don't happen 1:29 PM
then mff happened, and i saw the kiwicon thing 1:29 PM
idk what happened, but i was just in a pissy mood and made an ass of myself 1:29 PM
i deleted the tweet after about an hour and apologized to as many people who still wanted to talk to me 1:30 PM
basically beta only lol, i'm really thankful for him 1:30 PM
i've been working on anger management issues for a while 1:30 PM
the thing with that that frustrated me was that i thought the purpose was to trash talk mff, obvs i was wrong and i let the bad takes of a handful of individuals affect my judgement as a whole and lashed out 1:31 PM
i kinda do that a lot

my new years resolution is to stop that 1:31 PM
i know that really pissed you off, and a lot of other people, i totally get it, have every right to be, it was mean of me 1:31 PM
at some point between olly visiting and mff, cobalt told me about olly's past, and what he did to him 1:32 PM
then i heard from more and more people i know, and that really fucking sucked 1:32 PM
when did i take that break? for a few weeks? 1:32 PM
that was after i found out 1:32 PM
i couldn't handle it, like the person i really crushed on did this and i just broke down really bad 1:33 PM
mazzaful eventually posted screens of some things olly has said to twitter in her dropbox link, which prompted 5 or 6 people to come forward against olly with more stuff 1:33 PM
then clovis's parents found out and

then clovis's parents found out and contacted the police 1:34 PM
i helped clovis make a flash drive to give to the police with the stuff against him 1:34 PM
at some point clovis then decided to post about you, and at first i thought it was a good idea, but after hearing more from him, and him changing stories, i distanced myself from it all 1:34 PM
i wanted to check in on you and see if you were okay, but you had blocked me, so i started talking to others i knew to get in touch with you without any luck 1:35 PM
then i saw what you said on telegram, and i was really hurt 1:35 PM
because for me, you're someone i cared about, who was accused of something really bad. struggling with whether or not it was true, and now being accused of orchestrating it 1:36 PM
fast forward to pk's video, and now i've been accused of running clovis' alt account, and being a pedophile and grooming him 1:36 PM
and all i wanted was everyone to be okay, and i'm not a fighter 1:37 PM
so that's where we are today, and i really just want everyone to be happy and everything

stixil, i really wanted to be good friends with you. i tried my best to be there for you everyday despite the shitshow that is twitter. so you can imagine how hurt i was when i woke up and saw that you softblocked me on everything. i was shook, and i had to impulse cancel ytm because of it. i didnt mean to blame you during which, i was just really angry at the time and i thought you were procrastinating (ik you werent now). 1:40 PM
i theorizes about it for a while, tried to think of why this could have happened. then i settled on it was probably olly, low and behold that was true. so i wanna clear that up because due to clovis and maybe u (idk if u had part in it), but I have never nor ever will date olly. i tried telling him to stay with you, cuz it seemed like you both were having fun. 1:41 PM
(not knowing all the shit we now know about olly in case that wasnt obvi) 1:41 PM
with olly, i knew, but cobs and some other people were sharing on their vent, so it spread fast 1:41 PM
fast forward to kiwicon, im just tryna chill. i wake up, and i realize wow, stixils really trying to pull this huh. i ignore it because i figured it would hit you soon enough. got a nice laugh out of me tho. everybody else

yeah, i know they hate me, which is fair 1:42 PM
i understand anger issues because i struggled with them when i was younger (like 14), and i understand they are really hard to overcome. but you gotta realize exactly what kind of repreccussions those impulses have 1:43 PM
i found that out pretty damn quick 1:43 PM

i dont mean that in a hostile way, im just really curious. i wanna help 1:45 PM
with you, it's been because of the ytm thing, and other things i've mentioned about earlier 1:46 PM
with others, it's because, long story 1:46 PM
took me 3 hours to tell beta but i'll give you the short 1:46 PM
there's a pretty big divide between your friends' community and mine 1:46 PM
and a lot of it comes to the perception that "popufurs" have on social meda 1:46 PM
yes but you arent actively helping that. ik beta wanted to try and bridge it and i think its a good idea but 1:47 PM

@StixilFox My honest opinion is that you should focus more on you and less on what others are doing, especially if what people are doing isnt harming anyone. I remember sometime a bit back you tweeted to let people be happy if they aren't morally, mentally or physically hurting someone. 1:48 PM

but when they act like the popufur stereotype (ie: ur twitter sometimes), it shakes it up 1:48 PM
